

Hello!

I am helping my school, Woodbridge Elementary, raise money with our Healthy Bodies, Healthy Minds fundraiser. I will be exercising my body and mind to earn donations that will help pay for things like field trips and transportation, school events, library books, and other supplies.

Would you be interested in helping me with a donation? I can accept cash and checks, or online donations [here](#).

You can also scan this QR code to go directly to my school's donation site!

With rising costs, your help means more than ever. Thank you so much for supporting me!
