

ZEELAND RECREATION

Spring Dance Recital

WHY DO WE DO A RECITAL?

The recital is an amazing way to conclude the dance year. Students work hard on building skills, technique, musicality, teamwork and confidence. It takes courage to get on stage! Each time a child does, they are proving to themselves that they can accomplish anything they work hard for. You will see their skills and confidence progress year after year.

WHAT IS BLOCKING, DRESS REHEARSAL AND A RECITAL?

Blocking: Allows us the chance to rehearse our sound and lighting cues from backstage and helps us make sure the dancers are familiar with their new surroundings and spacing on stage.

Dress Rehearsal: The dress rehearsal is almost like the recital itself, except it's just for practice. It let's us work out any kinks so we can put on a full professional show!

Recital: The recital is a memorable opportunity for our students to showcase their talents onstage in front of friends and family. From learning the first eight-count of choreography in class to the final bow onstage, the recital is definitely one of the highlights of a dancer's year!

WHEN IS RECITAL? THE WEEK AFTER SCHOOL GETS OUT
